Diagram illustrating the addition of 8453 and 151 using a base ten block model. The numbers are written in boxes with a red comma as a thousands separator. Below the numbers are three rows of boxes for the sum, with the first row containing five dotted boxes for carrying. The sum is calculated column by column from right to left, with the final result shown in a row of eight boxes at the bottom.

Très bien ! Bien. A revoir.

[illegible]
