

Ex 1 : Résoudre les calculs

a) $175 : 6$

The diagram illustrates the construction of a 3x3 grid from 1x1 tiles. It shows a 3x3 grid of squares, each outlined in a different color (green, red, blue). The grid is divided into three horizontal sections by two thick green lines. The top section contains one row of three squares (green, red, blue). The middle section contains two rows of three squares (green, red, blue). The bottom section contains one row of three squares (green, red, blue). To the right of the grid, a vertical black line separates it from a 3x3 grid of squares, each outlined in a different color (green, red, blue). This grid is also divided into three horizontal sections by two thick green lines. The top section contains one row of three squares (green, red, blue). The middle section contains two rows of three squares (green, red, blue). The bottom section contains one row of three squares (green, red, blue).

Très bien ! Bien. A revoir.

b) $841 : 5$

Ex 2 : Compléter les égalités

- a) $98 = (9 \times \underline{\hspace{2cm}}) + \underline{\hspace{2cm}}$
 c) $17 = (3 \times \underline{\hspace{2cm}}) + \underline{\hspace{2cm}}$
 e) $118 = (10 \times \underline{\hspace{2cm}}) + \underline{\hspace{2cm}}$

Très bien ! Bien. A revoir.

- b) $47 = (5 \times \underline{\hspace{2cm}}) + \underline{\hspace{2cm}}$
d) $78 = (10 \times \underline{\hspace{2cm}}) + \underline{\hspace{2cm}}$
f) $40 = (6 \times \underline{\hspace{2cm}}) + \underline{\hspace{2cm}}$

Ex 2 : Poser les calculs

Très bien ! Bien. A revoir.

[illegible]
